THE WORLD'S MOST SELECT
DAHLIAS

CACTUS DAHLIA
Pink Abundance

GROWN BY **C. LOUIS ALLING** DAHLIA SPECIALIST
251 Court Street
West Haven, : Connecticut

TO MY FRIENDS AND PATRONS.

Since the vast number of varieties of good Dahlias available is bewildering indeed to both amateur and connoisseur alike, I have taken, as we say, "the bull by the horns" and have arbitrarily established a collection of the best. In making my selection I have not been governed by personal likes and dislikes. Rather have I made the rule to select varieties that have given the greatest degree of satisfaction in all parts of the country.

Thanking you for past favors and wishing you a most successful Dahlia season, I am,

Sincerely yours,

C. LOUIS ALLING

MY BUSINESS METHODS.

I do not recommend planting in this climate until the latter part of May, and to insure a long succession of bloom, planting should be extended until the latter part of June.

I start shipping around April 15th, and orders are filled in rotation as received, but if customers will kindly state at what time after that date they would like to receive them I will try to ship them as near the date requested as possible.

I send out divided field grown roots, everyone guaranteed true to name, and to arrive in good growing condition. I cannot guarantee them to grow if they are not unpacked immediately upon receipt.

All retail orders are sent Parcel Post unless instructions are received to send them otherwise.

Orders taken at the Fall Shows, and all others not fully paid for will be sent C. O. D. at purchaser's expense, unless previous arrangements have been made.

As the demand for some sorts often exceeds the supply, it will be well to order early and so avoid disappointment. It will also be well to name a few as second choice or state if I may substitute for any that are sold out.

Full cultural directions sent with every order.

Remittance may be sent by Post Office or Express money order, registered letter, or check.

Stamps are very convenient for sums of less than \$2. One or two-cent denomination preferred.
